---

## SUMMARY

Health tech software engineer with hands-on experience architecting a production HIPAA-compliant CCM/RPM platform from the ground up. Specialized in React, AWS, and clinical workflow systems across multi-portal, regulated environments.

## EDUCATION

### San Francisco State University

*B.S. in Computer Science, Minor in Persian Studies*

- **GPA:** 3.53/4.00, *Honor Roll + Dean's List*

**San Francisco, CA**

*Jan 2024 – Aug 2026*

### Los Medanos College

*Lower Division Computer Science Coursework, Transfer to SFSU*

- **GPA:** 3.43/4.00, *Honor Roll*

**Pittsburg, CA**

*Aug 2020 – Nov 2023*

## EXPERIENCE

### MedManage Solutions

*Lead Software Engineer*

**Daly City, CA**

*Sep 2025 – Present*

- Architected and built ClearPath Virtual Health from the ground up, a production HIPAA-compliant CCM/RPM platform spanning four role-based portals with MFA, secure session management, and audit logging.
- Engineered React/AWS infrastructure with S3, CloudFront, ECS Fargate, CI/CD, and JWT/RBAC API integrations, reducing deployment time by 35% and administrative overhead by 40%.
- Built Medicare billing and patient engagement systems supporting CPT/ICD-10 workflows, physician sign-off, PDF reporting, and care coordination, contributing to 200%+ recurring revenue growth and 15% fewer missed appointments.

### Optimyzi

*Software Engineer Intern*

**San Francisco, CA**

*Dec 2025 – Jun 2026*

- Helped design core modules for a full-stack healthcare platform using React, TypeScript, Node.js, Express, and PostgreSQL with shared data models and RBAC.
- Built clinical workflows and multi-portal architecture spanning intake, diagnosis, lab results, authentication, and secure API integrations.

## PROJECTS

### Union Workforce Ecosystem

*Software Developer*

**San Francisco, CA**

*Jul 2026 – Present*

- Designed and prototyped a five-portal workforce platform unifying dispatch, dues, grievances, training, and benefits.
- Built normalized insurance data models and shared design-system tooling across 100+ screens, eliminating cross-screen inconsistencies and UI drift.

## ACTIVITIES & LEADERSHIP

### MESA Program at San Francisco State

*Mentor*

**San Francisco, CA**

*Aug 2024 – Aug 2026*

- Guided peers in academic and career development, fostering collaboration and professional growth

## SKILLS

**Languages & Frameworks:** JavaScript, Typescript, React, Python, Node.js, HTML5/CSS, SQL, Java, C++

**Cloud & DevOps:** AWS (S3, CloudFront, ECS Fargate), CI/CD, REST API Integration, System Architecture

**Healthcare & Compliance:** HIPAA, CCM/RPM, Medicare Billing (CPT/ICD-10), EHR Workflows, MFA, RBAC

**Languages:** English, Persian
